

Ergo Pros... Home of the ERGOGLIDE®

**Do you have service sliding glass windows in need of a REAL HANDLE?
We have the best and only solution...**

**The Innovative And Amazing
ERGOGLIDE®!**

BEFORE ERGOGLIDE®

AFTER ERGOGLIDE®

**WORK
PAINLESSLY!**

Are you struggling with the daunting task of opening and closing your sliding glass window? We have the best and only solution... The Innovative and Amazing ERGOGLIDE®!

FINALLY - Now there is RELIEF! The ERGOGLIDE® is proven to be extremely effective at providing safe relief and comfortable alternatives to receptionists who engage in operating sliding glass windows. The unique ergonomic design of our window extension handle relieves the constant and repetitive strain on a receptionist's neck, back and shoulder muscles. By applying minimal pressure to slide your window open and closed, the ERGOGLIDE® allows you to remain ergonomically positioned at your workstation while comfortably and safely extending your arm at a reasonable distance.

Receptionists - Have you experienced the use of sliding glass windows that are poorly designed with a slight etched cutout or flat plastic pull tab? Such windows are found to be difficult to reach and grasp a hold of! Is the daunting repetitiveness of operating your window making the preservation of privacy an uncomfortable, even painful task? Through the use of our ergonomic extension handle the ERGOGLIDE®, musculoskeletal injuries in your workplace will be reduced through easing the pushing/pulling motion of frequent window gliding.

The amazing ERGOGLIDE® offers a HASSLE FREE; NO TOOLS REQUIRED installation process. Our STRONG ADHESIVE BOND adheres to anywhere on a glass surface allowing the extension handle to accommodate all workstations. The ERGOGLIDE® makes good sense!

Purchase the ERGOGLIDE® easily by giving us a call or visiting our website. Feel free to download an order form and fax your purchase orders today! Ergo Pros also accepts Pay Pal, order your ERGOGLIDE® immediately without further delay.
